A fuller, softer character.

See the following material pages

PIPI STICKER

PU LEATHER / 3M ADHESIVE

A little depth. A lot of detail.

Textured PU leather and an internal filling give PIPI its rounded, dimensional form. The original material guide specifies a 3M adhesive backing.

+ Textured leather-like surface

+ Padded dimensional construction

+ Adhesive backing

CHEWY STICKER

FOAM / ADHESIVE BACKING

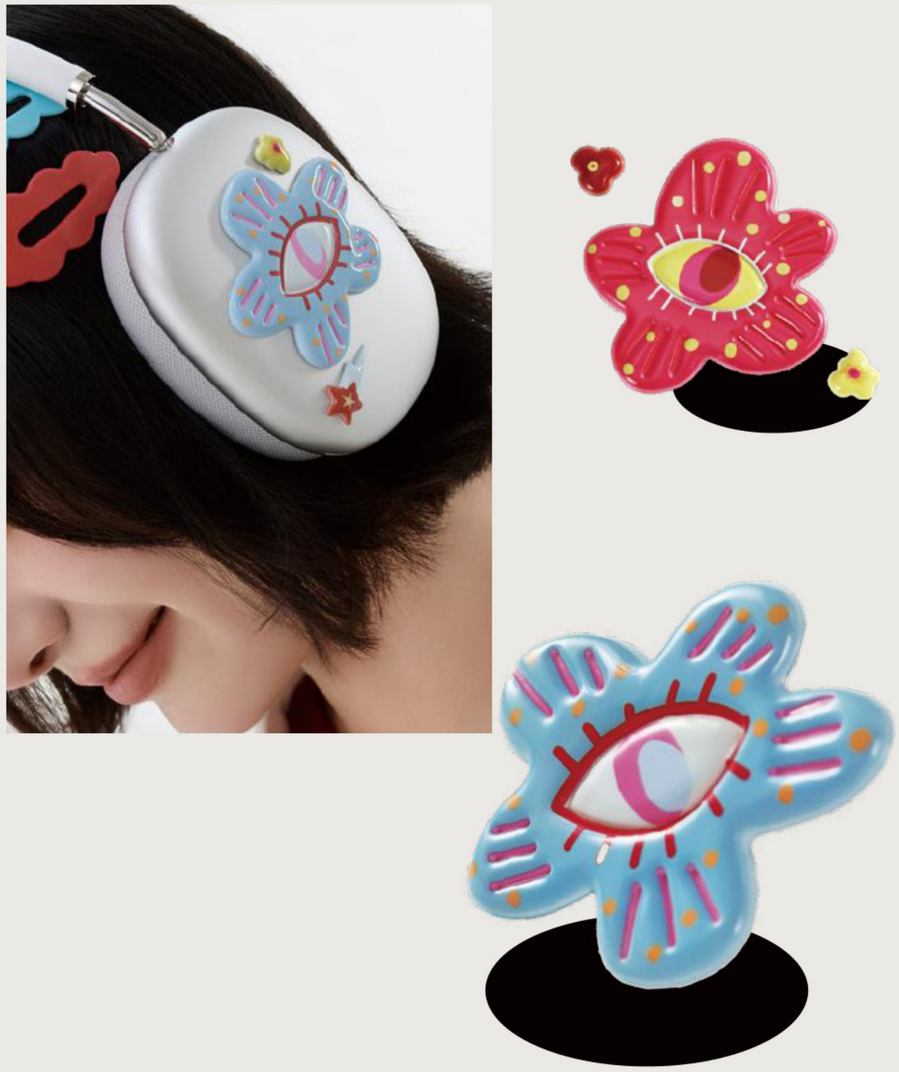
Soft curves. Springy response.

Fine printed artwork and layered colour meet a rounded 2.5D foam surface. A tactile little object with a soft response when pressed.

+ Printed colour and fine detail

+ Rounded 2.5D form

+ Soft, elastic feel



YOUNG STICKER

SYNTHETIC PAPER / PROTECTIVE FILM

Texture you can see and feel.

Composite PP synthetic paper combines with textured protective films. Cold-foil and multi-point UV processes create varied visual effects.

+ Textured protective finish

+ Water- and stain-resistant finish

+ Cold-foil and multi-point UV options

PUFFY STICKER

EXISTING COLLECTION MATERIAL

A softer kind of character.

A raised, softly rounded format for expressive little characters. Explore the existing PUFFY styles in the catalog; custom availability and construction require confirmation.

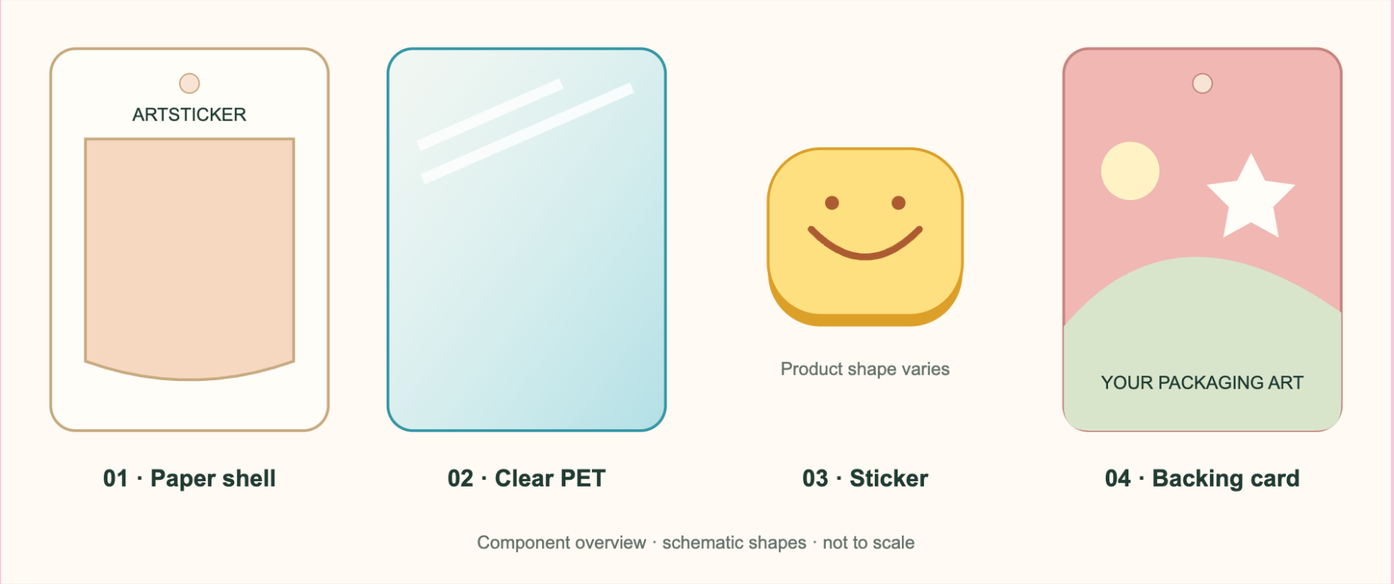
+ Soft, raised character form

+ Dimensional product presentation

+ Choose existing designs by SKU

Gift-ready. Shelf-ready.

A small object with a story worth keeping. Packaging is part of the experience.



01 / PAPER SHELL

A rigid shell with a signature display window.

02 / CLEAR PET

A transparent component keeps the art visible.

03 / THE STICKER

Material, shape and quantity vary by style.

04 / BACKING CARD

Printed artwork completes the presentation.

Read the pack. Meet the sticker.

The outer pack and the sticker inside are different parts of the product.

STANDARD PACK

10.5 x 14.5 cm

Catalog-listed packaging size for standard styles. This is not the size of each individual sticker.

Oversized PIPI styles are listed without a fixed pack size. Confirm dimensions by SKU.
